Re: Notice and Demand Letter Pursuant to U.C.C. § 2-607, the Texas Deceptive Trade Practices-Consumer Protection Act, the Connecticut Unfair Trade Practices Act, and the Washington Consumer Protection Act

To Whom It May Concern:

This letter serves as a preliminary notice and demand for corrective action by Torrent Pharma, Inc. (“Torrent”), Camber Pharmaceuticals, Inc. (“Camber”), Hetero USA, Inc. (“Hetero”), The Kroger Co. (“Kroger”), Quality Food Centers, Inc. (“QFC”), CVS Health Co.

(“CVS”), and Wal-Mart Stores, Inc. (“Walmart”) pursuant to U.C.C. § 2-607(3)(a) concerning breaches of express and implied warranties - and violations of state consumer protection laws - related to our clients, Dominic Stimma, Margoth Strand, and Jynona Gail Lee, and a class of all similarly situated purchasers (the “Class”) of contaminated valsartan-containing medication manufactured and distributed by Torrent, Camber, and Hetero, and sold by Kroger, QFC, CVS, and Walmart.

Our clients were prescribed and purchased valsartan-containing medication manufactured and distributed by Torrent, Camber, and Hetero, and sold by Kroger, QFC, CVS, and Walmart. Our clients’ respective valsartan-containing medications were contaminated with N-nitrosodimethylamine (“NDMA”), a carcinogenic and liver-damaging impurity. On July 13, 2018, the U.S. Food & Drug Administration announced a voluntary recall of several brands of valsartan-containing generic medications. The recall was due to the presence of NDMA in the recalled products. Following that initial recall, valsartan-containing medications manufactured and distributed by Torrent, Camber, and Hetero were also recalled due to the presence of NDMA in the recalled products. This defect rendered the products unusable and unfit for human consumption. In short, the valsartan-containing medications that our clients and the Class were purchasing are worthless as they contained a toxic impurity rendering them unfit for human use. Torrent, Camber, Hetero, Kroger, QFC, CVS, and Walmart each violated express and implied warranties made to our clients and the Class regarding the quality and safety of the valsartan-containing medications they purchased. See U.C.C. §§ 2-313, 2-314.

As for Torrent and Walmart, this letter also serves as notice of violation of the Texas Deceptive Trade Practices-Consumer Protection Act based on the facts alleged above. As a result of Torrent and Walmart’s violation of the Texas Deceptive Trade Practices-Consumer Protection Act, Ms. Lee sustained an injury. Ms. Lee hereby demands full recovery of all economic damages sustained by her purchase of the medication, damages for mental anguish associated with purchasing and consuming a carcinogenic medication, all costs and expenses, and reasonable attorneys’ fees.

As for Camber, Hetero, and CVS, this letter serves as notice of violation of the Connecticut Unfair Trade Practices Act based on the facts alleged above. As a result of Camber, Hetero, and CVS’s violation of the Connecticut Unfair Trade Practices Act, Mr. Stimma sustained an injury. Mr. Stimma hereby demands full recovery of all economic damages sustained by his purchase of the medication, punitive damages, and attorneys’ fees and costs.

As for Camber, Hetero, Kroger, and QFC, this letter serves as notice of violation of the Washington Consumer Protection Act based on the facts alleged above. As a result of Camber, Hetero, Kroger, and QFC’s violation of the Washington Consumer Protection Act, Ms. Strand sustained an injury. Ms. Strand hereby demands full recovery of all economic damages sustained by her purchase of the medication, treble damages, court costs, and attorneys’ fees.

On behalf of our clients and the Class, we hereby demand that Torrent, Camber, Hetero, Kroger, QFC, CVS, and Walmart immediately (1) cease and desist from continuing to sell contaminated valsartan-containing medications and (2) make full restitution to all purchasers of the contaminated valsartan-containing medications of all purchase money obtained from sales thereof.

To Whom It May Concern:

This letter serves as a preliminary notice and demand for corrective action by Mylan Pharmaceuticals, Inc., Mylan N.V., and Rite Aid Corporation pursuant to U.C.C. § 2-607(3)(a) concerning breaches of express and implied warranties related to our client, Joseph Cacaccio, and a class of all similarly situated purchasers (the “Class”) of contaminated valsartan-containing medication manufactured, distributed, and sold by Mylan Pharmaceuticals, Inc., Mylan N.V., and Rite Aid Corporation.

Our client was prescribed and purchased valsartan-containing medication manufactured and distributed by Mylan Pharmaceuticals, Inc. and Mylan N.V., and sold by Rite Aid Corporation. Our client’s valsartan-containing medications were contaminated with N-nitrosodiethylamine (NDEA), a carcinogenic and liver-damaging impurity. On November 20, 2018, the U.S. Food & Drug Administration announced a voluntary recall of fifteen (15) lots of valsartan-containing generic medications manufactured and distributed by Mylan Pharmaceuticals, Inc. and Mylan N.V. The recall was due to the presence of NDEA in the recalled products. This defect rendered the products unusable and unfit for human consumption. In short, the valsartan-containing medications that our client and the Class was purchasing are worthless, as they contained a toxic impurity rendering them unfit for human use. Mylan Pharmaceuticals, Inc., Mylan N.V., and Rite Aid Corporation each violated express and implied warranties made to our client and the Class regarding the quality and safety of the valsartan-containing medications they purchased. See U.C.C. 2-313, 2-314.

On behalf of our client and the Class, we hereby demand that Mylan Pharmaceuticals, Inc., Mylan N.V., and Rite Aid Corporation immediately (1) cease and desist from continuing to sell contaminated valsartan-containing medications and (2) make full restitution to all purchasers of the contaminated valsartan-containing medications of all purchase money obtained from sales thereof.

We also demand that Mylan Pharmaceuticals, Inc., Mylan N.V., and Rite Aid Corporation preserve all documents and other evidence which refer or relate to any of the above-described practices including, but not limited to, the following:

1. All documents concerning the packaging, labeling, and manufacturing process for Mylan Pharmaceuticals, Inc. and Mylan N.V.'s valsartan-containing medications;
2. All documents concerning the design, development, supply, production, extraction, and/or testing of valsartan-containing medications manufactured and distributed by Mylan Pharmaceuticals, Inc. and Mylan N.V.;
3. All tests of the valsartan-containing medications manufactured and distributed by Mylan Pharmaceuticals, Inc. and Mylan N.V.;
4. All documents concerning the pricing, advertising, marketing, and/or sale of valsartan-containing medications manufactured and distributed by Mylan Pharmaceuticals, Inc. and Mylan N.V.;
5. All communications with customers involving complaints or comments concerning the valsartan-containing medications manufactured and distributed by Mylan Pharmaceuticals, Inc. and Mylan N.V.;
6. All documents concerning communications with any retailer involved in the marketing or sale of valsartan-containing medications manufactured and distributed by Mylan Pharmaceuticals, Inc. and Mylan N.V.;
7. All documents concerning communications with federal or state regulators; and
8. All documents concerning the total revenue derived from sales of valsartan-containing medication.

If you contend that any statement in this letter is inaccurate in any respect, please provide us with your contentions and supporting documents immediately upon receipt of this letter.

Please contact me right away if you wish to discuss an appropriate way to remedy this matter. If I do not hear from you promptly, I will take that as an indication that you are not interested in doing so.

Re: Notice and Demand Letter Pursuant to U.C.C. 2-607

To Whom It May Concern:

This letter serves as a preliminary notice and demand for corrective action by Aurobindo Pharma USA, Inc., Throggs Neck Pharmacy, CVS Health Co. and Rite Aid Corporation pursuant to U.C.C. § 2-607(3)(a) concerning breaches of express and implied warranties related to our clients, Elizabeth Duffy, Cecil Byrd, Joseph Cacaccio, and a class of all similarly situated purchasers (the “Class”) of contaminated valsartan-containing medication manufactured, distributed, and sold by Aurobindo Pharma USA, Inc., Throggs Neck Pharmacy, CVS Health Co. and Rite Aid Corporation. This letter also serves as notice of violation of New York’s General Business Law § 349 and § 350 vis-à-vis Plaintiffs Duffy and Cacaccio and violation of South Carolina’s Unfair Trade Practices Act, S.C. Code Ann. § 39-5-10 *et seq.* vis-à-vis Plaintiff Cecil Byrd.

Our clients were prescribed and purchased valsartan-containing medication manufactured and distributed by Aurobindo Pharma USA, Inc., and sold by Throggs Neck Pharmacy, CVS Health Co., and Rite Aid Corporation. On December 31, 2018, the U.S. Food & Drug Administration announced a voluntary recall of eighty (80) lots of valsartan-containing generic medications manufactured and distributed by

Aurobindo Pharma USA, Inc. The recall was due to the presence of NDEA in the recalled products. This defect rendered the products unusable and unfit for human consumption. In short, the valsartan-containing medications that our clients and the Class were purchasing are worthless, as they contained a toxic impurity rendering them unfit for human use. Aurobindo Pharma USA, Inc., Throggs Neck Pharmacy, CVS Health Co. and Rite Aid Corporation each violated express and implied warranties made to our client and the Class regarding the quality and safety of the valsartan-containing medications they purchased. *See* U.C.C. 2-313, 2-314.

On behalf of our clients and the Class, we hereby demand that Aurobindo Pharma USA, Inc., Throggs Neck Pharmacy, CVS Health Co. and Rite Aid Corporation immediately (1) cease and desist from continuing to sell contaminated valsartan-containing medications and (2) make full restitution to all purchasers of the contaminated valsartan-containing medications of all purchase money obtained from sales thereof.

We also demand that Aurobindo Pharma USA, Inc., Throggs Neck Pharmacy, CVS Health Co. and Rite Aid Corporation preserve all documents and other evidence which refer or relate to any of the above-described practices including, but not limited to, the following:

1. All documents concerning the packaging, labeling, and manufacturing process for Aurobindo Pharma USA, Inc.'s valsartan-containing medications;
2. All documents concerning the design, development, supply, production, extraction, and/or testing of valsartan-containing medications manufactured and distributed by Aurobindo Pharma USA, Inc.;
3. All tests of the valsartan-containing medications manufactured and distributed by Aurobindo Pharma USA, Inc.;
4. All documents concerning the pricing, advertising, marketing, and/or sale of valsartan-containing medications manufactured and distributed by Aurobindo Pharma USA, Inc.;
5. All communications with customers involving complaints or comments concerning the valsartan-containing medications manufactured and distributed by Aurobindo Pharma USA, Inc.;
6. All documents concerning communications with any retailer involved in the marketing or sale of valsartan-containing medications manufactured and distributed by Aurobindo Pharma USA, Inc.;
7. All documents concerning communications with federal or state regulators; and
8. All documents concerning the total revenue derived from sales of valsartan-containing medication.

If you contend that any statement in this letter is inaccurate in any respect, please provide us with your contentions and supporting documents immediately upon receipt of this letter.

Please contact me right away if you wish to discuss an appropriate way to remedy this matter. If I do not hear from you promptly, I will take that as an indication that you are not interested in doing so.

Re: Notice and Demand Letter Pursuant to U.C.C. § 2-607

To Whom It May Concern:

This letter serves as a preliminary notice and demand for corrective action by Camber Pharmaceuticals, Inc. (“Camber”), Hetero USA, Inc., Hetero Labs, Ltd. and Hetero Drugs, Limited (collectively, “Hetero”), and The Kroger Co. (“Kroger”) pursuant to U.C.C. § 2-607(3)(a) concerning breaches of express and implied warranties related to our clients, Leland Gildner and Dominic Stimma, and a class of all similarly situated purchasers (the “Class”) of contaminated valsartan-containing medication manufactured and distributed by Camber and Hetero, and sold by Kroger. This letter also serves as notice of violation of Indiana’s Deceptive Consumer Sales Act, Ind. Code §§ 24-5-.05-1, *et seq.*, and the Connecticut Unfair Trade Practices Act, Conn. Gen. Stat. § 42-110b, *et seq.*

Our clients were prescribed and purchased valsartan-containing medication manufactured and distributed by Camber and Hetero, and sold by Kroger. Our clients’ valsartan-containing medications were contaminated with N-nitrosodimethylamine (“NDMA”), a

carcinogenic and liver-damaging impurity. On July 13, 2018, the U.S. Food & Drug Administration announced a voluntary recall of several brands of valsartan-containing generic medications. The recall was due to the presence of NDMA in the recalled products. Following that initial recall, valsartan-containing medications manufactured and distributed by Camber and Hetero were also recalled due to the presence of NDMA in the recalled products. This defect rendered the products unusable and unfit for human consumption. In short, the valsartan-containing medications that our clients and the Class were purchasing are worthless as they contained a toxic impurity rendering them unfit for human use. Camber, Hetero, and Kroger each violated express and implied warranties made to our client and the Class regarding the quality and safety of the valsartan-containing medications they purchased. See U.C.C. §§ 2-313, 2-314.

On behalf of our client and the Class, we hereby demand that Camber, Hetero and Kroger immediately (1) cease and desist from continuing to sell contaminated valsartan-containing medications and (2) make full restitution to all purchasers of the contaminated valsartan-containing medications of all purchase money obtained from sales thereof.

We also demand that Camber, Hetero and Kroger preserve all documents and other evidence which refer or relate to any of the above-described practices including, but not limited to, the following:

1. All documents concerning the packaging, labeling, and manufacturing process for Camber and Hetero's valsartan-containing medications;
2. All documents concerning the design, development, supply, production, extraction, and/or testing of valsartan-containing medications manufactured and distributed by Camber and Hetero;
3. All tests of the valsartan-containing medications manufactured and distributed by Camber and Hetero;
4. All documents concerning the pricing, advertising, marketing, and/or sale of valsartan-containing medications manufactured and distributed by Camber and Hetero;
5. All communications with customers involving complaints or comments concerning the valsartan-containing medications manufactured and distributed by Camber and Hetero;
6. All documents concerning communications with any retailer involved in the marketing or sale of valsartan-containing medications manufactured and distributed by Camber and Hetero;
7. All documents concerning communications with federal or state regulators; and
8. All documents concerning the total revenue derived from sales of valsartan-containing medication.

4. All documents concerning Mylan Laboratories, Ltd.'s communications with regulatory bodies, including but not limited to the U.S. Food & Drug Administration;
5. All documents concerning communications with other Mylan entities, including Mylan Pharmaceuticals, Inc. and Mylan N.V.; and
6. All documents concerning the total revenue derived from sales of valsartan API and/or valsartan-containing medications; and
7. All documents concerning communications with purchasers of valsartan API and/or valsartan-containing medications.

If you contend that any statement in this letter is inaccurate in any respect, please provide us with your contentions and supporting documents immediately upon receipt of this letter.

Please contact me right away if you wish to discuss an appropriate way to remedy this matter. If I do not hear from you promptly, I will take that as an indication that you are not interested in doing so.
